

Mobil - 5W30.5ESP - Aceite de motor Mobil 1 ESP 5W30 5L

Aceite de motor Mobil 1 ESP 5W30 5L 5 Litros

Características:

- Marca: Mobil
- Viscosidad: 5W30
- Envase: 5 Litros

Aceite de motor Mobil 1 ESP 5W30 5L, el lubricante sintético de avanzado desempeño para motores Mobil 1 ESP 5W-30 es un miembro selecto de Mobil 1, la marca líder mundial de aceites sintéticos para motores que ofrece nuestro máximo desempeño y protección. Mobil 1 ESP 5W-30 está diseñado para ofrecer una excelente protección integral en automóviles de gasolina y diésel Euro 6 y anteriores, y cumple o supera los requisitos de muchos de los principales fabricantes de automóviles.

¡Mobil 1 mantiene al motor funcionando como nuevo!

Mobil 1 ESP 5W-30 está fabricado con una mezcla patentada de componentes de vanguardia formulados para ayudar a proporcionar un excepcional poder de limpieza y protección contra el desgaste, y ser totalmente compatible con los Filtros de Partículas Diesel (DPF) y los Convertidores Catalíticos de Gasolina (CAT)

Propiedades

- Cumple con los últimos requisitos respecto a la preignición a bajas velocidades (LSPI) de la industria para motores de gasolina turboalimentados y de inyección directa
- Excelente desempeño a bajas temperaturas
- Excelente estabilidad térmica y oxidativa
- Agentes limpiadores activos
- Bajo contenido de azufre y fósforo
- Bajo contenido de cenizas

Ventajas

- Ayuda a prevenir las averías del motor como resultado de las preigniciones que se producen al operar el motor a bajas velocidades y alto par.
- Arranque rápido y una protección rápida en climas fríos para ayudar a prolongar la vida del motor
- Ayuda a reducir el envejecimiento del aceite lo cual permite la protección de este durante intervalos prolongados entre cambios de aceite
- Ayuda a reducir la acumulación de depósitos y lodos para permitir motores limpios con largas vidas útiles
- Ayuda a reducir el envenenamiento de los convertidores catalíticos de los motores de gasolina
- Ayuda a reducir la acumulación de partículas en los filtros de partículas diésel

Gasoline & Diesel

English: Advanced Fully-Synthetic Engine Oil. Meets or exceeds the requirements of many leading industry and manufacturer standards. For diesel and gasoline powered engines. Use within 1 year from "best before" date shown on label of pack. Contains NOBLETECT™ and MACK™. May produce an orange reaction. Safety data sheet available on request. Protect the environment. Dispose of pack off at designated sites. Minimize skin contact. Do not mix used oil with solvent, brake fluids or coolant.

German: Hochentwickeltes vollsynthetisches Motoröl. Erfüllt oder übertrifft die Anforderungen vieler führender Industrie- und Automobilherstellernormen für Diesel- und Benzinmotoren von Personenkraftwagen. Bitte innerhalb von 1 Jahren ab dem auf der Unterseite der Packung angegebenen Herstellungsdatum verwenden. Enthält DIESEAL™ und MACK™. Kann eine orangefarbene Reaktion hervorrufen. Sicherheitsdatenblatt auf Anfrage erhältlich. Umweltschutz: Vermeiden Sie nach Gebrauch in eine Abfallmischfraktion. Umweltschonende Beseitigung von Abfall: Verhindern Sie die Umwelt durch Vermeidung von Fremdstoffen wie Lötlot, Benzin, Brems- und Kühlflüssigkeiten etc. vermeiden.

French: Huile moteur de pointe 5W-30 synthétique. Répond ou dépasse les exigences des principales normes de l'industrie et des constructeurs automobiles. Pour les moteurs de voiture diesel et essence. À utiliser dans les 12 mois suivant la date de fabrication qui figure au dos de cet emballage. Contient NOBLETECT™ et MACK™. Peut produire une réaction orange. Fournir les données de sécurité disponibles sur demande. Protéger l'environnement. Éviter les fuites dans les sols après utilisation. Éviter le contact avec la peau. Ne mélangez pas l'huile usagée avec des solvants, des liquides de frein ou des refroidissants pour moteur.

Meets requirements of ACEA for applications: see legend on page 2 of the full specification sheet. Conforms to requirements of:
